The safety of our students, staff and families is our #1 priority

Safety procedures during Covid-19

- Practicing social distancing- kids are asked to stay at their learning cubbies for homework tutoring, and then for the enrichment club we have markings on the floor in where they stand.
- Child has their own assigned seat/desk for the day to place their belongings, and do their homework/studies
- Multiple sanitation stations throughout the studio
- Required masks for all staff and students
- Lots of time outside for mask breaks/fresh air- lunch and breaks
- Floor markings for a one way flow within the studio
- Touch-less lights and plumbing in the bathrooms
- Short survey and temp checks upon arrival for staff and students daily
- Open communication with students and families about our safety protocols and expectations
- Small groups
- Daily complete studio cleaning (all touch points, chairs, bathrooms, writing tools, shields and more)
- Smooth drop off and pick up procedures
- Marked floors with 6'x6' squares for them to stand and rotate during the enrichment program
